Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of T.A.C. Consumer Public Company Limited

I have reviewed the accompanying statement of financial position of T.A.C. Consumer Public Company Limited as at 30 June 2020, the related statements of comprehensive income for the three-month and six-month periods then ended, changes in shareholders' equity and cash flows for the six-month period then ended, as well as the condensed notes to the interim financial statements (collectively "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 Interim Financial Reporting. My responsibility is to express a conclusion on this interim financial information based on my review.

### Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 Interim Financial Reporting.

# **Emphasis of Matter**

I draw attention to Note 1.4 to the interim financial statements. Due to the impact of the COVID-19 outbreak, in preparing the interim financial information for the three-month and six-month period ended 30 June 2020, the Company has adopted the Accounting Guidance on Temporary Relief Measures for Accounting Alternatives in Response to the Impact of the Covid-19 Pandemic announced by the Federation of Accounting Professions. My conclusion is not modified in respect of this matter.

# T.A.C. Consumer Public Company Limited Notes to interim financial statements For the three-month and six-month periods ended 30 June 2020

#### 1. General information

### 1.1 Company information

T.A.C. Consumer Public Company Limited ("the Company") was incorporated as a limited company under Thai laws and registered the change of its status to a public limited company under the Public Limited Companies Act on 26 August 2015. The Company operates in Thailand and its principal activity is the manufacture and distribution of beverages, with the registered office address at 9/231-233, 23rd Floor, UM Tower, Ramkhamhaeng Road, Suanluang, Bangkok, and its factory address is at 99/112 Moo 1, Nongmaidaeng, Banbueng, Chonburi.

#### Coronavirus disease 2019 Pandemic 1.2

The Coronavirus disease 2019 pandemic is continuing to evolve, resulting in an economic slowdown and adversely impacting most businesses and industries. This situation may bring uncertainties and have an impact on the environment in which the Company operates. The Company's management has continuously monitored ongoing developments and assessed the financial impact in respect of the valuation of assets, provisions and contingent liabilities, and has used estimates and judgement in respect of various issues as the situation has evolved.

### Basis for the preparation of interim financial statements 1.3

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

### 1.4 New financial reporting standards that became effective in the current period

During the period, the Company has adopted the revised (revised 2019) and new financial reporting standards and interpretations which are effective for fiscal years beginning on or after 1 January 2020. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Company's financial statements. However, the new standard involves changes to key principles, which are summarised below.

### Financial reporting standards related to financial instruments

A set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Financial Reporting Standards:

TFRS 7

Financial Instruments: Disclosures

TFRS 9

Financial Instruments

Accounting Standard:

**TAS 32** 

Financial Instruments: Presentation

Financial Reporting Standard Interpretations:

TFRIC 16

Hedges of a Net Investment in a Foreign Operation

TFRIC 19

Extinguishing Financial Liabilities with Equity Instruments

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortised cost (taking into account the type of instrument, the characteristics of the contractual cash flows and the Company's business model), calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments.

These standards do not have any significant impact on the Company's financial statements.

.....Director

Mr.Chatchawe Vatanasuk

.....Director Mrs. Chirapan Khotcharit Choosang

2

### **TFRS 16 Leases**

TFRS 16 supersedes TAS 17 Leases together with related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is low value.

Accounting by lessors under TFRS 16 is substantially unchanged from TAS 17. Lessors will continue to classify leases as either operating or finance leases.

The Company adopted these financial reporting standards using the modified retrospective method of initial adoption of which the cumulative effect is recognised as an adjustment to the retained earnings as at 1 January 2020, and the comparative information was not restated.

The cumulative effect of the change is described in Note 2 to the financial statements.

Accounting Guidance on Temporary Relief Measures for Accounting Alternatives in Response to the Impact of the Covid-19 Pandemic

The Federation of Accounting Professions announced Accounting Guidance on Temporary Relief Measures for Accounting Alternatives in Response to the Impact of the Covid-19 Pandemic. Its objectives are to alleviate some of the impact of applying certain financial reporting standards, and to provide clarification about accounting treatments during the period of uncertainty relating to this situation.

On 22 April 2020, the Accounting Treatment Guidance was announced in the Royal Gazette and it is effective for the financial statements prepared for reporting periods ending between 1 January 2020 and 31 December 2020.

The Company has elected to apply the following temporary relief measures on accounting alternatives:

- Not to take into account forward-looking information when determining expected credit losses, in cases where the Company uses a simplified approach to determine expected credit losses. The relief measure affects the valuation of trade and other receivables and administrative expenses accounts.
- Not to consider the COVID-19 situation as an indication that an asset may be impaired in accordance with TAS 36, Impairment of Assets. The relief measure may affect the valuation of property, plant and equipment and administrative expenses accounts.

.....Director Mrs. Chirapan Khotcharit Choosang

3

### 1.5 Significant accounting policies

The interim financial statements are prepared by using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2019 except the changes in accounting policies related to financial instruments and leases.

### 1.5.1 Financial instruments

### Classification and measurement

Financial assets that are debt instruments are measured at fair value through profit or loss, fair value through other comprehensive income, or amortised cost. Classification is driven by the Company's business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

Financial assets that are equity instruments are measured at fair value through profit or loss.

Financial liabilities are classified and measured at amortised cost.

### Impairment of financial assets

The Company recognises an allowance for expected credit losses on its financial assets measured at amortised cost without requiring a credit-impaired event to have occurred prior to the recognition. The Company accounts for changes in expected credit losses in stages, with differing methods of determining allowance for credit losses and the effective interest rate applied at each stage. An exception from this approach is that for trade receivables or contract assets that do not contain a significant financing component, the Company applies a simplified approach to determine the lifetime expected credit losses.

### 1.5.2 Leases

### Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised through initial measurement, initial direct costs incurred, and lease payments made at or before the commencement date, less any lease incentives received.

Unless the Company is reasonably certain that it will obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis from the commencement date of the lease to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

บริษัท ที.เอ.ซี. คอนซูเมอร์ จำกัด (มหาชน)

......Director

.....Director

Mr.Chatchawe Vatanasuk

4

### Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of the lease payments to be made over the lease term, discounted by the interest rate implicit in the lease or the Company's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification or reassessment.

### Short-term leases and Leases of low-value assets

Payments under leases that, have a lease term of 12 months or less at the commencement date, or are leases of low-value assets, are recognised as expenses on a straight-line basis over the lease term.

# Cumulative effects of changes in accounting policies due to the adoption of new financial reporting standards

As described in Note 1.4 to the financial statements, during the current period, the Company has adopted financial reporting standards related to financial instruments and TFRS 16. The cumulative effect of initially applying these standards is recognised as an adjustment to retained earnings as at 1 January 2020. Therefore, the comparative information was not restated.

The impacts on the beginning balance of the statement of financial position of 2020 from changes in accounting policies due to the adoption of these standards are presented as follows:

### 2.2 Leases

Upon initial application of TFRS 16 the Company recognised lease liabilities previously classified as operating leases at the present value of the remaining lease payments, discounted using the Company's incremental borrowing rate at 1 January 2020. For leases previously classified as finance leases, the Company recognised the carrying amount of the right-of-use assets and lease liabilities based on the carrying amounts of the lease assets and lease liabilities immediately before the date of initial application of TFRS 16.

	(Unit: Thousand Baht)
Operating lease commitments as at 31 December 2019	7,750
Less: Short-term leases and leases of low-value assets	(529)
Add: Option to extend lease term	15,602
Less: Contracts reassessed as service agreements	(2,016)
Less: Deferred interest expenses	(1,814)
Increase in lease liabilities due to TFRS 16 adoption	18,993

#### 11. Share capital

On 23 March 2020, the Meeting of the Board of Directors of the Company No. 2/2563 passed a resolution to approve the share repurchase project (Treasury Stock) with the maximum amount of Baht 50 million for 18 million shares repurchased, representing 3% of the total issued share capital. The repurchase period is from 8 April 2020 to 7 October 2020.

As at 30 June 2020, no shares were repurchased by the Company.

#### 12. Income tax

Interim corporate income tax is calculated on profit before income tax for the period, using the estimated effective tax rate for the year.

Income tax expenses for the three-month and six-month periods ended 30 June 2020 and 2019 are made up as follows:

			(Unit: Thou	isand Baht)
	For the thre	ee-month	For the s	ix-month
	periods ende	ed 30 June	periods end	ed 30 June
	2020	2019	2020	2019
Current income tax				
Interim corporate income tax charge	11,813	9,679	22,290	17,340
Deferred tax:				
Relating to origination and reversal of				
temporary differences	(729)	(468)	(544)	566
Income tax expenses reported in the				
statements of comprehensive income	11,084	9,211	21,746	17,906

#### 13. Earnings per share

Basic earnings per share is calculated by dividing profit for the period (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the period.

.....Director Mrs. Chirapan Khotcharit Choosang

### 14. Segment information

The Company is organised into business units based on its products and services. The Company is engaged in two operating segments, which are the manufacture and distribution of beverages and the sales of license of cartoon characters. Its operations are carried on only in geographical area of Thailand. However, at present the operation of the sales of license of cartoon characters is insignificant. The Company's distribution channel includes both domestic and overseas markets. During the three-month and six-month periods ended 30 June 2020, domestic sales represented 98 percent and 98 percent of total sales, respectively (2019: 96 percent and 96 percent of total sales, respectively).

Segment performance is measured based on operating profit or loss, on a basis consistent with that used to measure operating profit or loss and assets in the financial statements. As a result, all of the revenues, operating profits and assets as reflected in these financial statements pertain to the aforementioned reportable operating segments and geographical area.

### 15. Dividend

### 16. Commitments

### 16.1 Operating lease commitments

The Company has entered into several operating lease agreements in respect of the lease of equipment which are short-term leases and leases of low-value assets and other related service contracts. The terms of the agreements are generally between 1 and 3 years.

As of 30 June 2020, future minimum payments required under these contracts were as follows:

(Unit: Million Baht)

Payable

In up to 1 year 2.9

In over 1 year and up to 3 years 0.2

### 16.2 Merchandise sub-license commitments

On 19 October 2017, the Company entered into a merchandise sub-license agreement with an overseas company. Under the terms of the agreement, the Company is granted the privilege to sell licenses of the characters. The Company agrees to pay royalty fee at the percentage of gross license fee receipts as specified in the agreement. The agreement is for a period of 5 years, from 1 January 2018 to 31 December 2022.

On 1 September 2019, the Company entered into a merchandise sub-license agreement with a creator and copyright holder in Thailand. Under the terms of the agreement, the Company is granted the privilege to sell licenses of the characters. The Company agrees to pay royalty fee at the percentage of gross license fee receipts as specified in the agreement. The agreement is for a period of 2 years, from 1 September 2019 to 31 August 2021.

### 17. Fair value hierarchy

As at 30 June 2020, the Company had the following financial assets that were measured at fair value.

(Unit: Thousand Baht)

Level 2

Financial assets measured at fair value

Investments in mutual fund

372,425

During the current period, there were no transfers within the fair value hierarchy.
